About Producer	Yew Tree Dairy Ltd is one of the UK's largest family owned and operated milk processing companies. Established in 1904, it has grown both nationally and internationally through its reputation for producing high quality dairy products. Yew Tree Dairy's new state of the art processing facility is capable of processing high volumes of milk daily, producing a range of liquid milks and creams for the UK domestic market and a full range of Milk Powders for both domestic and international markets.
Ingredient Sourcing	All of our milk comes from UK cows, sourcing as local as possible from over 350 farms to reduce food miles. Yew Tree Dairy pasteurised Skimmed milk is based on fresh farm assured cow's milk, which has undergone legal pasteurisation, separation, homogenisation and standardisation to produce fresh pasteurised Skimmed milk with a fat content of between < 0.5%
