## Description

---

Packed with powerful citrus punch, this 100% yuzu juice is produced from hand-squeezed, whole fruits grown in the heart of Wakayama. Unlike no other citrus and yet like all citrus rolled into one, Yuzu carries the flavour of lemon, mandarin and grapefruit. Only a small amount is enough to flavour ice cream, sorbets and cocktails and it makes an excellent marinade for meat or fish and can be added to salad dressing mayonnaise and vinaigrette.
